Welcome to Belson...

Tom Biebel, Chairman of the Board, with his late father Arnold in background picture.

A Brief History...

The Belson Company, founded by the late Arnold E. Biebel in 1932 in Green Bay, began as a wholesale fireworks distributor. As time went on, Belson logo school supplies and paper products were added. In 1982, school supplies were replaced by Retail and Industrial Packaging Supplies. Specialty tapes, polyethylene films, bags, shrink and stretch films, and many other related packaging items and equipment were added to make Belson Company a full-service packaging supplier.

In 1993, a full Janitorial Supply and Maintenance Equipment line was added with the acquisition of Brimmer & Teteak, a leading Sanitary Maintenance Distributor. This acquisition made Belson a full-service Distributor with Packaging, Paper, and Janitorial Products.

Randy Biebel, Vice President and Tom Hall, President and CEO

Belson Company is one of 250 distributors affiliated with Network Services Company, the premier member-owned distribution buying group in North America, with annual sales of $7 billion.

In the near future, Belson will be celebrating 80 years of growth and excellence. Our tenacity and drive to improve our product offerings and services will continue to benefit each and every customer Belson proudly serves. We invite you to discover the Belson difference and enjoy many more years of continued success.
